

Stonington Police Department

Alert System

The Stonington Police Department is currently developing an e-mail information and alert system to reach out to our community. Currently I have produced pools of e-mails for all businesses in town and residents with alarms. Over the past several months we have sent out e-mail alerts on burglaries in the area, robberies that occurred, special events in the area with traffic alerts, and other crime prevention information. In addition, future e-mails will be sent for emergency management information, including storm information, and homeland security information.

The program has been very well accepted in the community and it is our goal to get most of our community on our e-mail list in the near future.

Please help us achieve this goal!

**PLEASE SHARE THIS WITH YOUR NEIGHBORS, FAMILY AND FRIENDS
AND ENCOURAGE THEM TO SIGN UP!**

If you or others wish to sign up for the program, you can do so by following these steps:

- 1) go to the Town of Stonington Web Site: www.stonington-ct.gov
- 2) Click on the "town departments" button
- 3) Click on the "police" button
- 4) Click the "subscribe to resident or business safety security notice"
- 5) You may enter your e-mail address or remove it from this section. You may Subscribe to either one or both. If you have a business it would be advised to subscribe to both.
